FRYERS

FRIT TAB

Decarbonizing tablets for professional fryers

Decarbonizing tablets for cleaning and removing oily and carbon residues from the tank and stainless steel baskets of professional fryers. Do not use on aluminum.

- > Time and effort savings for the operator
- > Effective on significant carbon residues

Bucket 35 pcs

Fast solubilization <
Effective on significant carbon residues <

Anphora 6kg
Dosing bottle 1kg

NEW

FRIT

Degreasing decarbonizer for professional fryers

Concentrated liquid degreaser for cleaning and removing residual baked oils, thickened fats, and carbon residues from the tanks and stainless steel baskets of professional fryers. Do not use on aluminum.

HOT PLATES - GRILLS - KEBAB

FORNOLUX PLUS

Strong descaler for hotplates, grills, and kebabs

Ready-to-use formula, designed to remove grease and carbon residues from cooking equipment surfaces. When left to act for a few minutes on a hot surface, it effectively works on the most stubborn residues.

- > Effective on all types of carbon residues
- > One product for 3 equipment

Can 5Kg - 10Kg
Bottle 750ml

NEW

SPRAY KIT for FORNOLUX PLUS

An easy-to-assemble kit for 5kg canisters and 750ml bottles. Very useful and effective for removing dirt and grease accumulated on equipment, while maintaining a safe distance from the chemical product and its fumes.

SGRASSY

Concentrated lime-scented degreaser

It is a concentrated liquid detergent with a pleasant fresh lime scent, ideal for cleaning stainless steel, metals, and hard surfaces. Particularly suitable for degreasing oily surfaces and removing thin carbon layers.

- > Usable with different concentrations depending on the residues

Can 5kg

PASTA COOKERS

Quick solubilization <
Maximum effectiveness on residues of limestone, starch, and salt <

Bucket 100pcs

NEW

DESCALING BOLL PWD 55g

Cleaner for the periodic cleaning of pasta cookers

Acid powder detergent for the periodic maintenance of professional pasta cookers. Its periodic use allows for the complete removal of limescale and starch residues from the cooking tank.

REMO KAL HW

Inhibited descaler and deoxidizer for hard water

Detergent for the extraordinary maintenance of pasta cookers. To be used when necessary to remove significant limescale deposits. When used at the recommended doses it contains inhibitors preventing its solutions from attacking treated surfaces. If diluted in warm water, its action is even more effective.

- > Strong on limestone layers
- > It contains corrosion inhibitors

-  Anphora 6Kg
-  Can 12Kg

HOODS

Usable for spraying and immersion <

Removes oily films and grease deposits from the hood and filters <

 Can 5Kg - 10Kg

NEW

Strong degreaser for cleaning professional hoods

Powerful concentrated degreaser, designed for the deep cleaning of professional kitchen hoods. Safe to use on all metal and plastic parts. Effectively removes oily residues, grease, and light carbon deposits. Key product for the periodic cleaning of the hood to effectively eliminate unpleasant odors and ensure the proper working of the extraction system.

PULI K

SPRAY KIT for PULI K

An easy-to-assemble kit for tanks. Very useful and effective for removing dirt and grease accumulated on the hood, reaching the most hidden spots while maintaining a safe distance from the chemical product and its fumes.

NEW

ICE MACHINES

ICE CALC

Limescale powder descaler for ice makers

Organic-based powder descaler for ice makers. It removes the limestone residue that has formed during the ice production in the machine and ensures the proper working of mechanical parts and their sanitization. Easy to use, it does not damage rubber seals or parts that come into contact. Product suitable for HACCP.

- > Descaling action
- > Sanitizing action
- > Suitable for HACCP

 Jar 500g

Safe on ice makers surfaces <
Suitable for HACCP <

 Anphora 6Kg

NEW

ICE KAL HW

Cleaner and descaler for ice makers

Acid concentrated liquid detergent designed to remove any limescale residue on ice makers. It removes limescale and mold, and descales the components without damaging them, ensuring a thorough cleaning of the entire machine. Product suitable for HACCP.
